Eartec Office Pro 710UC

USB Monaural Flex Boom Headset

The Eartec Office Pro 710UC USB Headset offers you the complete unified communication solution. The stylish contemporary design of the Inline UC Controller provides you with a more efficient communication saving time.

With its click to connect and volume/mute controller gives you the freedom to communicate on all PC's using it's USB connector.

A highly sensitive Neodymium Magnet System for accurate sound reproduction and audio balance. The 700 series are all incorporated with a two tier noise cancelling system to promote your telephony experience and ultimately increase productivity in your day to day business.
