

# I/O MODULE

## MODULE FOR 2N® IP VERSO, 2N® LTE VERSO AND 2N ACCESS UNITS

The module provides two logical inputs and two relay outputs for sensor integration or door control. The module is installed under another module, i.e. needs no separate position.

### ORDER NUM.:

9155034

### TECHNICAL PARAMETERS

Operating temperature	40°C to 60°C
Storage temperature	-40°C to 70°C
Operating relative humidity	10% - 95% (non-condensing)
